João Havelange Research Scholarship

Dear Sir or Madam,

Once again this year, it gives FIFA, in collaboration with the International Centre for Sports Studies in Neuchâtel (Switzerland), great pleasure to send you details of the João Havelange Research Scholarship.

The aim of the scholarship is to immortalise the legacy created by Dr João Havelange – a heritage unprecedented in the world of sport. The scholarship is open to young people wishing to conduct postgraduate research in the sphere of football and to contribute to a better understanding of our sport and the phenomena associated with it.

We enclose several copies of the leaflet describing the scholarship and explaining the application procedure. We should be grateful if you would distribute these documents to appropriate institutions (such as universities, sport schools, or colleges) in your country so that the project is publicised amongst everyone who could be interested in applying for the scholarship.

Thank you in advance for your valuable cooperation.

Yours faithfully,

FÉDÉRATION INTERNATIONALE DE FOOTBALL ASSOCIATION

Jérôme Valcke
Secretary General
