Electoral Regulations for the FIFA Presidency

Dear Sir or Madam,

At its meeting of 7 June 2014, the FIFA Executive Committee adopted, on the basis of art. 24 par. 4 of the FIFA Statutes, the Electoral Regulations for the FIFA Presidency (hereinafter: the Regulations), which came into force immediately and a copy of which we enclose for your perusal.

These Regulations shall ensure transparent and fair elections and thus foster confidence in the election process, and contain the principles governing candidatures and the electoral process for the FIFA presidency to guarantee that electoral campaigns be carried out in a fair and reputable manner and in a spirit of respect for fundamental ethical principles.

In this regard, and in addition to the general contents of the Regulations, we would like to draw your attention in particular to the fact that the Regulations stipulate that the FIFA Executive Committee shall set up an Ad-hoc Electoral Committee for the purpose of supervising the electoral process for an appropriate period of time in the context of the FIFA presidential elections. Also in this context, the regulations provide that the Ad-hoc Electoral Committee shall be composed of the chairman of the FIFA Disciplinary Committee, the chairman of the FIFA Appeal Committee and the chairman of the FIFA Audit and Compliance Committee.

In view of all of the above, the Ad-hoc Electoral Committee, consisting of Mr Domenico Scala (Italy), chairman of the FIFA Audit and Compliance Committee, Mr Claudio Sulser (Switzerland), chairman of the FIFA Disciplinary Committee, and Mr Larry Mussenden (Bermuda), chairman of the FIFA Appeal Committee, was set up by the FIFA Executive Committee at its aforementioned meeting for the period starting as from the 64th FIFA Congress up to and including the moment in time that the electoral process for the election of the FIFA President has been concluded after the 65th FIFA Congress.

We thank you for your kind attention to the above.

Yours faithfully,
FIFA

Jérôme Valcke
Secretary General
