Specific Recommendations to Combat Match Manipulation

Dear Sir or Madam,

We understand that there were distribution problems concerning FIFA circular no. 1424 and the hard copy of FIFA's Specific Recommendations to Combat Match Manipulation, which were sent via regular post on 30 May 2014.

In view of this, please find attached FIFA circular no. 1424 for your information. As the Specific Recommendations to Combat Match Manipulation document has 23 pages, unfortunately it cannot be faxed. However, the electronic version of the document can be found here:

http://www.fifa.com/aboutfifa/organisation/footballgovernance/FIFA-security/about.html

We would like to emphasise how important it is that each member association pursues a national integrity initiative to combat match manipulation. The Specific Recommendations to Combat Match Manipulation contain detailed guidelines on the sustainable development of a tailored national integrity initiative and should form the basis of a solid and effective structure within member associations as well as further define the scope of the responsible persons empowered by these recommendations.

In order to coordinate further activities in relation to the fight against match manipulation, please provide us with the identity of the responsible person appointed by your association who will act in all matters relating to match manipulation (see 1.3 of the recommendations) via e-mail:

integrity@fifa.org.

Should you have any further queries, please feel free to contact us at any time.
Thank you for your commitment and for standing beside us as a partner to step up the fight against the serious problem of match manipulation around the world.

Yours faithfully,

FÉDÉRATION INTERNATIONALE DE FOOTBALL ASSOCIATION
