Circular no. 1626

### **68<sup>th</sup> FIFA Congress, Moscow 2018 – handling of daily allowances for delegates**

Dear Sir or Madam,

The 68<sup>th</sup> FIFA Congress will be held in Moscow on 13 June 2018. Similar to the procedure at past Congresses, FIFA intends to pay daily compensation of USD 250 up to a maximum of USD 1,000 to each participating delegate representing a FIFA member association or a confederation recognised by FIFA.

Please be aware that according to Russian legislation, FIFA cannot pay any compensation to delegates in Russia in cash, whether in RUB or in any other currency.

Due to this fact, FIFA has instead decided to transfer these daily allowances directly to the bank account of each member association and confederation. In order to facilitate these payments, the Congress delegates will need to complete an allowance form to confirm their participation in the Congress. This process will be facilitated by FIFA Finance staff on site in Moscow, and the payments will be executed shortly after the Congress. The member associations and confederations are requested to then process the daily allowance payments to each individual participating delegate upon receipt of the payment from FIFA.

We kindly ask you to inform the delegates concerned.

We thank you for your understanding and your appreciated cooperation and look forward to welcoming you to the upcoming event. If you have any questions, please do not hesitate to contact [finance-congress2018@fifa.org](mailto:finance-congress2018@fifa.org).

Yours faithfully,

FIFA
