2nd FIFA DATA PROTECTION SUMMIT

Dear Sir or Madam,

We are delighted to announce that the **2nd FIFA DATA PROTECTION SUMMIT** will take place on **25 November 2020**. The summit will be delivered in a digital format due to the unprecedented situation we are currently experiencing.

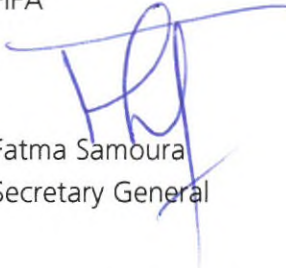

For any sports tournament or football game that takes place, a considerable amount of personal data is gathered, structured and analysed. For this reason, this summit aims to bring together experts on data protection from various sports organisations. Discussions will focus on new ways of using data in the world of sports, bearing in mind regulatory developments. More details on the full programme of this one-day event will follow soon.

We would like to invite representatives from your association, who are responsible for data protection, to join us at the 2nd FIFA Data Protection Summit. Please forward this invitation to the delegate(s) who will represent your member association. The registration process will start on 10 November, when your delegate(s) will receive an invitation email with a registration link from FIFA, and will close on 20 November. For this to happen, each participant is required to provide the Data Protection team ahead of time and by no later than 9 November with his/her full name, email address and preferred communication language (English, French, Spanish or German) via dataprotection@fifa.org.

We are looking forward to sharing this experience with your delegate(s) in November.

Yours faithfully,

FIFA

Fatma Samoura
Secretary General
