

TO THE MEMBER ASSOCIATIONS OF FIFA

Circular no. 1703

Zurich, 16 January 2020

DSG/egs

New and enhanced FIFA Integrity material and support for associations and confederations

Dear Sir or Madam,

As you are no doubt aware, one of FIFA's statutory objectives is to promote integrity. Since 2018, the focus has been on further strengthening FIFA's global integrity initiative, helping our member associations, as well as the confederations, to gain the necessary knowledge and capabilities to protect the game from the manipulation of football matches and competitions worldwide, and to support the implementation of a range of preventive measures to adopt a long-term and sustainable integrity initiative at both regional and national level.

By means of this circular, we are pleased to inform you that over the past year, FIFA Integrity has developed a FIFA Integrity Officer Kit that is now available to all FIFA member associations – as well as to the confederations – to help them establish or sustainably maintain and further strengthen their own integrity initiatives. This FIFA Integrity Officer Kit will be provided directly, upon request, to the Integrity Officer appointed by each association and confederation.

With this circular, FIFA would like to draw your attention to the material that is available and explain how it can help you to promote integrity.

Protect the Integrity of Football: Practical Handbook for FIFA Member Associations

FIFA has developed this handbook to provide its member associations – as well as the confederations – with a guide on how to build and/or strengthen their own integrity initiatives. The handbook shall serve as a guide and support tool, outlining the standard steps and best practice measures on how to implement successful and sustainable integrity initiatives while also acting as a day-to-day reference tool to promote integrity and to protect football competitions from match manipulation.

FIFA Integrity posters

FIFA Integrity has also developed a series of topic-specific posters related to integrity matters. Upon request, these posters can be personalised to meet your association/confederation's needs (e.g. by adding the logo of the association/confederation or details of the reporting mechanisms on the posters). These posters can then be used to support your association/confederation's integrity initiative. If you are

interested in receiving personalised versions of these posters, please contact FIFA Integrity: integrity@fifa.org.

FIFA Integrity e-Learning Tutorial

The FIFA Integrity e-Learning Tutorial is aimed at promoting integrity by educating those involved in football about the threat of match manipulation, and thereby protecting the integrity of football matches and competitions worldwide. The tutorial describes the applicable regulations that have been put in place by FIFA to address match manipulation as well as the channels that are available to correctly report match manipulation approaches or incidents as well as any other forms of integrity-related misconduct. The tutorial is available to all FIFA member associations, as well as to the confederations, and can be used as support material in the scope of their own integrity initiatives.

The FIFA Integrity e-Learning Tutorial can be accessed through the FIFA legal portal at legal.fifa.com as well as through the following link: integrity.fifa.com/e-learning

FIFA Integrity support

FIFA Integrity is always available to actively support the implementation of the integrity initiatives of FIFA's member associations and the confederations upon request, for example by assisting in the development, strategy, structuring, organisation, delivery and/or fulfillment of such initiatives. FIFA Integrity is also available to assist in ongoing investigations on a case-by-case basis once an investigation has been initiated by a member association or confederation. Please do not hesitate to contact FIFA Integrity if you require support.

We would be delighted to send a printed version of the FIFA Integrity Officer Kit to the Integrity Officer appointed by each FIFA member association or by each confederation. Please therefore confirm the contact details of the Integrity Officer of your association/confederation by completing and sending back the enclosed form by email. If your association/confederation has not yet appointed an Integrity Officer, you may simply nominate an individual within your association/confederation by using the same form.

We thank you for your kind attention to the above and remain at your disposal should you have any queries in this regard.

Yours faithfully,

FÉDÉRATION INTERNATIONALE
DE FOOTBALL ASSOCIATION
